

VIRTUAL (ON-LINE) TRAINING PROGRAM

Debt Collections Strategies and Techniques for the National Lotteries

Control Board

The laws and regulations of different countries were of great benefit to me, as well as the Predictive Dialer system for its efficiency and increased productivity. However, the entire program was of immense value and benefit. I would definitely recommend this program for the wealth of information and the interactive classroom approach.

The instructor's teaching style was easy to follow. I could easily understand the new concepts that he touched on.

This program will enhance my effectiveness because it has given me the opportunity to learn and employ new strategies for collections. Also, it outlined the laws and regulations for collecting debts in other countries.

The instructor is very knowledgeable and demonstrated the ability to address all questions with clarity and confidence. I definitely would attend other sessions with the instructor given his depth of knowledge and expertise.

It would undoubtedly benefit new collectors, while also serving as a valuable refresher for existing collectors.

Vedesh Deolal, Debt Management Supervisor, National Lotteries Control Board, Trinidad and Tobago

The part of this training program that were of significant value to me, were the topics on debt collections software, its functionalities and referencing. As well as the various associated laws and regulations in other countries, as it relates to governance and

culture. Other topics included collection strategies, concepts, negotiations skills, skip-tracing, and the development of active listening skills. Active listening skills will enable

me to be more effective through my communications to achieve my targets and goals, while maintaining and enabling cooperation from debtors

The wealth of knowledge received and its applications to our everyday duties will make a significant and positive change towards our collection strategies. This program brought further awareness to customer service and its importance.

Finally, the importance of letter writing and statistical reporting will also play an important part of my effectiveness and decision-making.

Ameeda Mohamed-Lewis, Debt Collections Officer I, National Lotteries Control Board, Trinidad and Tobago

The part of the training program that was of most importance to me was the debt recovery software. This system would assist me in the execution of my duties and responsibilities within the department.

This debt collections program is informative as it speaks to the art and science of debt recovery and utilizes various techniques that would improve the operations of NLCB.

The other knowledge that I gained will allow me to better execute my duties and responsibilities and improve my time management skills. I have learned how to make contingency plans to deal with unforeseen circumstances when they occur.

The training instructor filtered in a lot of class participation and feedback. His examples were real-life ones which brought the points home for better understanding of the topic.

His experience, knowledge, and delivery of the subject shows that he believes in empowering all who attend these training programs. It definitely will result in greater performance to bring about rewards and recognition.

Lynette Roberts, Debt Collections Officer I, National Lotteries Control Board, Trinidad and Tobago

The areas that were of most interest to me was the topic on rewards and recognition incentives. The area of customer service is important in our business because we need to exceed our customers' expectations at all times!

I would definitely recommend this program as it will improve my effectiveness in my position. The instructor was knowledgeable of the subject and presented the topics in a very straightforward manner.

Nicole Robinson, Director (Acting), National Lotteries Control Board, Trinidad and Tobago
