CK 700A Debt Collection and Revenue Management for Utility Corporations, for New and Experienced Collectors, Managers and Supervisors in the Utility Industries In Public and Private Sector Utility Corporations

Testimonials: Online (Virtual) Debt Collections & Revenue Management Procedures Training Program: Dominica Electricity Services Ltd. (DOMLEC)

This training program will help me to improve my customer service skills and increase my collections goals that will help to increase the company's cashflow. I also plan to implement the use of various debt collections letters that I learned about, as it is not currently being used in my organization. I will utilize the skills and ideas which I learnt and share them with my coworkers, as well as management.

The instructor was very engaging and knowledgeable about the topics presented in the course. He was great at explaining difficult concepts.

All in all, I learnt a lot of new concepts in this training program and shall use the operational and procedural manual as a reference guide.

Lisa Defoe St. Jean, Customer Service Representative, Dominica Electricity Services Ltd. (DOMLEC), Dominica

This debt collection and revenue management training course was of tremendous value to me. I learned about ways to interact with customers, both verbal and nonverbally, and how to engage effectively with both internal and external customers alike. I valued this training program because it will be helpful in all facets of the job that I do on a daily basis.

This training program will improve my effectiveness in debt collections, as I plan to utilize the operational and procedural manual as my reference guide. It was an excellent program and I hope that other members of staff can benefit from my experience and exposure, by completing this training program.
